

OH\_LEADS — Query Guide (build v2.11)

Pick the row for what you want to **search by** and fill every **Required** field — **Optional** ones only narrow it. Values in (parentheses) are already on the form. An **out-of-state** search requires a State; leave State blank to search in-state.

More than one search is sent from this tab. Depending on what you fill, up to 2 separate enquiries go out at once — Driver License, Driver History — and you get a response for each. The table below says exactly which.
