Frame <STX> <ETX>

Routing and Configuration Information:

Every vendor prior to being allowed to implement a solution with CJIS access must complete the following:

- Provide a list of employees who will be working the project and could be exposed to CJIS data, including support personnel.
 - Each listed employee must be fingerprinted for a background check (state of residency fingerprint background checks are acceptable or if completed in Washington, just note on the list the SID number).
 - Each listed employee must sign the CJIS security addendum located in the FBI's CJIS Security Policy.
 - This information is provided to the Washington agency who then must pass it to the Information Security Officer at WSP where they will place the information in a file for future reference audits.

Logon Requirements:

None known at this time.

Certification Requirements:

Agency sponsor is required.

Data-Mined Transactions:
